Public Agency: Port of Long Beach
City of Long Beach Harbor Department
415 West Ocean Boulevard
Long Beach, California 90802
Contact: Jennifer Blanchard
Telephone: (562) 283-7100

SUBJECT: Filing of a Notice of Determination in Compliance with Section 21108 or 21152 of the Public Resources Code

State Clearinghouse Number: 2020100119
Project Title: World Oil Tank Installation Project
Project Applicant: Ribost Terminal, LLC dba World Oil Terminals (Ribost)
Project Location: 1405 Pier C Street, Long Beach, California 90813
Northeast Long Beach Harbor District (District 2); Los Angeles County

Project Description:

The Board of Harbor Commissioners approved issuance of Harbor Development Permit 19-066 to Ribost Terminal, LLC, doing business as World Oil Terminals (Ribost Terminal) to construct and operate two additional, new 25,000-barrel petroleum storage tanks with internal floating roofs with new tank foundations and piping connections to existing facility infrastructure, truck loading racks, and pipelines. Ribost Terminal, located at 1405 at Pier C Street in the Port of Long Beach, currently consists of seven petroleum tanks within an approximately 12.5 to 13-foot containment wall. Of the seven existing tanks, three tanks are used to store crude oil received via pipeline and transported by trucks to and from World Oil Refining in South Gate for the production of paving and roofing asphalts. Four existing tanks are leased to customers to store fuel oils and transmitted by pipeline. Crude oil currently stored by Ribost Terminal in two existing larger, underutilized tanks at the site would be moved to the two new, smaller tanks, which would provide more adequate storage for Ribost Terminal's operations. The two existing larger tanks would then be made available to lease by customers for storage of marine fuels and marine fuel blending components, as is currently done for four of the existing tanks at the facility. No other facility modifications are proposed at Ribost Terminal, World Oil Refining in South Gate, or other customer facilities.

This is to advise that as the Lead Agency, the City of Long Beach Harbor Department, acting by and through its Board of Harbor Commissioners, approved the above-described Project on September 23, 2024, and has made the following determinations regarding the above-described Project.

1. The Project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this Project pursuant to the provisions of CEQA.
3. Mitigation measures were not made a condition of the approval of the Project.
4. A mitigation reporting or monitoring plan was not adopted for this Project.
5. A statement of overriding considerations was not adopted for this Project.
6. Findings were not made pursuant to the provisions of CEQA.
